

RIVERSIDE
ORAL SURGERY

Shaun Burlingame, DDS, MD

Francisco Suarez, DDS

316 Knollcrest Drive
Redding, California 96002
530.223.1811

**Preoperative Instructions for Patients
Undergoing IV Sedation:**

No food or fluids at least eight (8) hours prior to surgery – to do so could be life-threatening! Also, please brush and floss your teeth like normal the morning of surgery.

Please take all of your regular morning medications including blood thinners (unless otherwise directed) with a tiny sip of water, if needed.

If you feel ill within two (2) weeks of your appointment, please call to discuss as it may be unsafe to undergo IV anesthesia.

Refrain from drinking alcohol and/or smoking for at least
24 hours prior to your surgery

Wear comfortable, loose-fitting clothing.

You will need a driver that remains here in the office
throughout your procedure and is able to take you home
and care for you following surgery.
